Digital Checkout Experience

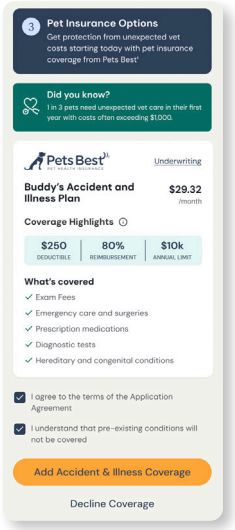

Mobile Checkout is a user-friendly tool that can be a game-changer for **adopters, foster parents, and your organization**. With electronic signature capture, mobile credit card payments, customizable donation fields, and paperless contracts, you can **streamline adoptions and transactions—all with a simple link**.

Explore Mobile Checkout Features

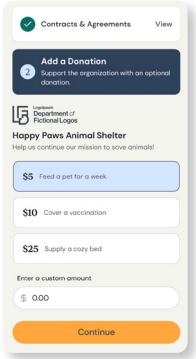

Fast, Frictionless Insurance Integration

- **A pet insurance offer** is now presented at adoption instead of via email post-adoption.
- **Live insurance quotes** for eligible dog and cat adoptions are instantly available through an API - no waiting!
- Easy-to-understand breakdown of **what's covered and what's not**.
- Reduces questions for adoption counselors—less hassle, more clarity!

Boost Donations with a Customizable Page*

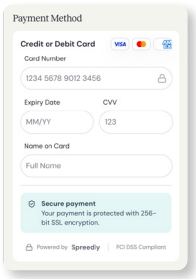

- Personalize **donation amounts and messaging**.
- Encourage **more giving** at checkout!
- Create **a stronger donor base** for your development team.

* Donation page only displays if utilizing an integrated payment processor

Enhanced Checkout Page

- No pressure checkout; option to remove insurance offer and/or donation prompts.
- A smoother, more intuitive checkout experience.
- Ability to go backwards to edit previous step in process.

3X

Shelters who offer the live insurance offering in Mobile Checkout, received **3x the donations** from adopters than shelters who don't offer insurance.

Digital Checkout Experience

How Do Payments Work?

Using Payment Processor

One transaction/two payments: one charge directly to the insurance provider and one charge to your organization (for adoptions/donations with receipt generation).

Not Using Payment Processor

Credit cards will only process insurance payments.

Adoption/donation payments will remain in your current operational process.

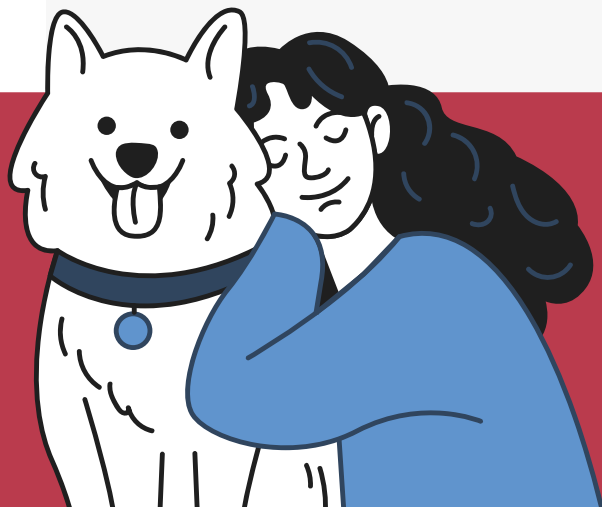

Setup Mobile Checkout Today!

Set it up yourself using the the 24Pet Community Mobile Checkout Setup or let PetPlace handle the setup.

NOW AVAILABLE

Integrated Payment Processors
Select the payment processor that works for your organization. We partner with Stripe and Bluefin to make accepting payments or donations simple, while protecting sensitive information.

Now Available on PetPlace
Pet parents logging into PetPlace.com can now register and manage microchip accounts and digital records all in one place.
